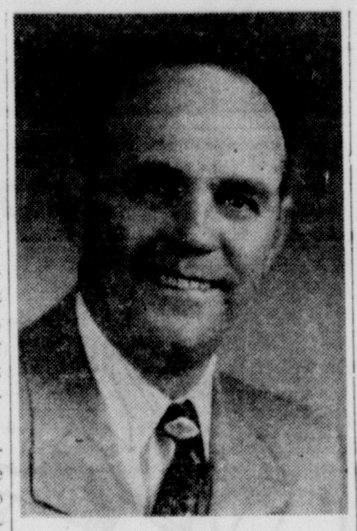
Louis McKee Named New Chamber of Commerce Head

Louis McKee was named president of the Cameron Chamber of Commerce at a special election meeting of the Chamber Board of Directors Monday, February 15. McKee was elected to the position by unanimous vote of the directors.

McKee, who is manager of the J. C. Penney Company here, served as vice-president and chairman of the Trade Development Committee during the past year. The civic mindedness and energy McKee has put into his work with the Chamber well qualifies him for his new position.

Newly elected President McKee expressed the hope that he can continue the outstanding job done during the past year by retiring President Richard W. Moseley.

Henry Siebman, of the Texas Power & Light Company, was also elected by unanimous vote to the first vice-president position. Leo Fuchs of the Ideal Hatchery also received an unanimous vote to the second vice-president position. Bob Abel was re-elected as Chamber manager.



LOUIS McKEE

The 1954 Board of Directors welcomes eight new members who will serve a three year term. They are Max Howard, Woodrow Lowe Drayton McLane, Jack Prescott, N. L. Caperton, Albert Collins, Dr. George Bowman and Lester Williams.

Board members remaining to complete their two-year term are Gene Blake, Charles Brady, Jack DuBois, Leo Fuchs, W. T. Hanes, Louis McKee, Milton Schiller and Hilliard Thomas. Those who are completing their final year are Morris Eplen, Milton F. Brown, Emory Camp, Rollan Carr, Dr. Gus Evans, Jr., A. W. McCullin, Bill McIntosh, and Henry Siebman.

The 1954 officers and directors have pledged themselves to carry on with even more agressiness and determination the work of securing new industry, promoting and improving agriculture and farm products, and improving and promoting the city of Cameron, which the Chamber of Commerce has done in the past.

Jaycees To Conduct Library Canvass Here Friday Night

The idea of a Public Library for Cameron, planned by Rev. James McKeown, and supported by the Cameron Junior Chamber of Commerce is making long strides toward becoming a reality.

Mrs. W. O. Triggs, Mrs. G. W. Gillis, Mrs. Clifton Jennes, Mrs. John Henderson, Oxsheer Smith, Gene Blake, Dr. George Bowman, Bill Wallace and Rev. James McKeown, all prominent and interested citizens of Cameron have been named as a Board of Directors to head the newly established Cameron Public Library. The Board is entrusted with the administration of the library and it's funds.

The research for a building to house the new library ended when Jaycees obtained permission to use 2 rooms on the West corner of the G. I. school building. The Building Committee led by Dana Kestenbaum went to work. Dirty rooms were cleaned and lined, wall and ceilings were painted, old tables were retopped and painted and shelves were secured to line the walls.

Cooperating with the Jaycees, Mrs. Charles Smith, Jr., and Mrs. James Wiggs, contacted every Civic club in the city and requested their aid in securing books and funds for the new library. These organizations are holding intra-club campaigns to collect their member's contributions of books and money.

Members of the Library Science Classes of Yoe high school, supervised by Miss Mary Jo Boyd, high school librarian, have volunteered their services to index and catalogue all books put in the new library. This work will involve the marking of each book and making a card catalogue containing three cards for each book.

The final step in attempting to secure a Cameron Public Library will be made Friday, February 19, when members of the Cameron Jaycees start at 7:00 p.m. on a house to house canvass of the entire city to collect books and funds. Boy Scout troops of

Ruben Caywood Killed After Car Overturns In Wild Chase

A wild chase between Rockdale Chief of Police Fred A. Trammell and a car driven by two Milam County youths through Rockdale streets and over country roads resulted Sunday night in the death of Ruben Caywood, about 50, of Rockdale. Caywood was a passenger in Chief Trammell's car.

The chase started at the Minamax Store in Rockdale.

Caywood was killed when, during the chase, Trammell's 1953 Mercury failed to make a curve and flipped, landing on it's top. Caywood lived in Rockdale with his mother, 93, who is in ill health.

Following the accident Trammell managed to get out of the wrecked car and walk about a mile to the home of Floyd Foster. Foster took him to Richard's Clinic in Rockdale from where Trammell called the police station, an ambulance and wrecker. Caywood was dead when the ambulance arrived at the scene of the wreck.

Although badly injured, Trammell was able Sunday night to give a description and the license number of the car he was chasing.

Highway Patrolmen Otis Hilderbrand and John Blanist and Milam County Sheriff Carl Black picked up the car and it's occupants early Monday morning. It was reported that both youths drove during the chase. With them were two teen-age Cameron girls.

A hearing was held in Rockdale Monday afternoon, but upon the motion of the County attorney, the hearing was postponned until Chief Trammell is recovered well enough to testify.

Funeral services for Ruben Caywood were held at 2:30 p.m. Tuesday, February 16 at Phillips and Luckey Funeral chapel.

Survivors include his mother, Mrs. W. I. Caywood of Rockdale; six brothers, George Caywood of Silsbee; Will Caywood, Lee Caywood, Edgar Caywood, Jim Caywood, and Louis Caywood, all of Rockdale; and two sisters, Mrs. Arthur Davis of Wichita Falls and Mrs. Tom Cotton of Milano.

Construction Of U. S. Highway 190 Gradually Moving Toward Cameron

Progress on the construction of U. S. Highway 190, running from Cameron to Temple, is gradually moving toward Cameron from the Bell County line. W. E. Ruff, resident engineer, reported that the grading was complete from 700 feet west of the Bell County line to about two miles beyond the city limits of Buckholts. The dirt work has also been completed near Cameron where the new highway will leave the present existing highway and cut toward the Milam county seat in a straighter angle.

Ruff said that approximately 95 per cent of the drainage structure and fifty per cent of the grading on the new highway was completed. Gravel basing is scheduled to begin in about three weeks. According to contract specifications, no asphalt is to be laid before April 1.

No marked changes have been made in the route except that many of the dead-end curves have been cut and straightened out. At one point, however, the route will leave the present highway and cut into Cameron proper. The change of the route will straighten out the highway and rid of the dangerous curves which are located about a mile and a half out side of the Cameron city limits.

Graham Appointed Honorary Chairman Of Red Cross Drive

Hon. O. D. Graham, district judge, Milam county, has accepted the appointment as honorary chairman of Milam county's 1954 Red Cross Campaign for members and funds. He will work with the Rev. Burton S. Smith, Rockdale, county drive chairman.

The announcement was made this week by Jack W. Prescott, of Cameron, chairman of the Board of the Milam County Red Cross Chapter.

Judge Graham expressed willingness to join other volunteers in accepting "the responsibilities and opportunities of leadership and service in the great cause

Byrd To Deepen Milam Dry Hole

D. H. Byrd of Dallas, who as an operator or as his Milam Drilling Company, has drilled a number of deep wildcats, plus a dual discovery, in Milam County, plans to deepen one of the holes abandoned in 1949. Byrd holds at least 10,000 acres in this part of the county, where he has spent, roughly $1 million.

The Byrd No. 1 Mrs. W. A. Smith, two and a half miles east of Milano, will be deepened from 5,964 to 8,200 feet.

The deepening job will be near the Milam and R. E. Smith No. 1 T. S. Henderson Estate, east of Hanover, which now is drilling around 5,000 feet on an 8,500 foot permit.

Location for the No. 1, Smith, deepening job, is 330 feet from the southwest line, 970 feet from the southwest line of a 164-acre tract in the B. F. Swoap Survey. This is 1,650 feet from the northwest line and 2,800 feet from the west line of the discovery.

Cameron To Get Invitation February 19 To Visit Austin Show

The people of Cameron will receive an official invitation to visit Austin and the Austin Livestock Show when a group of citizens from the Capitol City visit here Friday, February 19. This announcement was made by Henry Siebman, Chairman of the Cameron Chamber of Commerce, Public Relations Committee.

The trip, which is being sponsored by the Austin Optimist Club, will make good will stops in 18 counties and 44 towns. Austin business men are welcoming this opportunity to "Shake Hands with Central Texas" and have expressed their hope that Cameron citizens will be on hand to greet them. The caravan will arrive in Cameron promptly at 11:40 a.m. Optimist Club members will travel in a new vista dome bus. Music will be furnished by the popular Jesse James band. Novelties and complete information on the varied entertainment offered by the Austin Livestcok Show will be distributed by the businessmen on the trip.

Mr. Dave Smith, popular Austin radio announcer will accompany the caravan to act as Master of ceremonies.

Dignataries from Cameron are expected to be on hand to greet the Austin group. The public is also invited to attend the entertainment which will be presented on the Court House square.

State Rainfall Below Normal For January

AUSTIN, Feb. 11—Statewide rainfall averaged only 55 per cent of normal during January, the Texas Board of Water Engineers reported Thursday.

The board said the state-wide average was one inch, with a range from 12 percent normal in the Lubbock area to 101 percent normal in North Texas.

Runoff showed moderate rises in the Red, Sabine, Neches and Trinity River basins.

However, stream flows were deficient in the Brazos, Colorado, Guadlupe, Nueces and Pecos River basins.

The combined reservoir storage was partically unchanged during the month.

The local area received 1.51 inches during the past month.

Internal Revenue Agents Must Have All Data And Records Of Taxpayer

Taxpayers visiting the local Internal Revenue Service office at Cameron, Texas for help with their federal income tax returns should bring all necessary data and records with them, F. J. Schulz, Revenue Agent said today.

Schulz explained that Internal Revenue agents, when asked to help prepare a return, must have all data and records pertaining to the taxpayer's 1953 income exemptions and deductible expenses.

"It is especially important that the taxpayers also bring all tax withholding statements they receive from employers," the official said.

"Our agents will render as much service to each taxpayer as time and personnel limitations permit," he assured the public. "But taxpayers can do their part by filling out as much of the tax return as they can and bringing with them full and accurate data and all withholding statements."

Schulz stated that the aim of the taxpayer assistance program is "to help the taxpayers to help themselves." He added: "Of course, we cannot give a blanket invitation to all taxpayers to have their returns prepared by our personnel."

He advised taxpayers who seek some assistance at the Internal Revenue office to bring mathematically correct data. If some expenses are part business and part personal in nature, the taxpayer may deduct the business portion on Schedule C of Form 1040, but he may not deduct the personal portion of those expenses in Schedule C. Some personal expenses are, however, deductible on page 3 of the return, Schulz said.

Taxpayers whose income consists entirely of wages often do not have any allowable business deductions, he said, in which case they are limited to deductible personal expenses only.

The tax official listed the principal kinds of personal expenses which may be deducted, as follows:

Contributions to recognized religious and charitable organizations. Medical expenses if the taxpayer is 65 or over, and otherwise are deductible to the extent that they exceed 5 per cent of his adjusted gross income, subject in all cases to maximum limitations.

State and local taxes and automobile license fees, but not federal taxes.

Interest paid on personal indebtedness.

Nonbusiness losses due to casualities such as accidents, fire, storm, and shipwreck, or due to theft.

Alimony payments made periodically and reported as taxable income by the person receiving them.

The tax official pointed out that instead of itemizing their personal deductions, taxpayers may accept a standard deduction which is usually equal to 10 per cent of one's income. Schulz said that about 45 million of the 58 million taxpayers who filed last year found it to their advantage to accept the standard deduction.

"It not only reduces the tax liability of many taxpayers," he said, "but it makes filing a tax return much simpler."

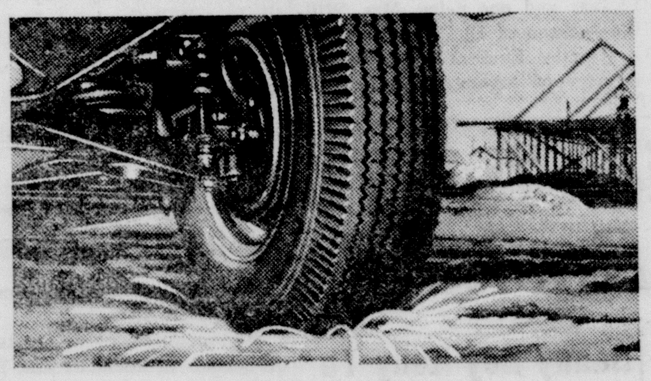
Ford's New Ball-Joint Suspension gives you the
Newest Ride on the Road!

This revolutionary new Ford front suspension soaks up road shock before it reaches you!
Makes all riding and handling easier!



THE "OLD" ROADS won't seem the same with Ford's new Ball-Joint Suspension "paving" the way for you. You'll enjoy a softer, more level ride because Ford's new system allows greater shock absorbing movement of the front wheels. Handling is far better, too. That's because conventional kingpins have been replaced by simple, sealed ball joints that won't stick or bind. No other car in Ford's field can equal Ford's ride—because no other has Ball-Joint Suspension.

Agile new performance, too, is yours in a '54 Ford . . . whether you choose Ford's new 130-h.p. Y-block V-8 or 115-h.p. I-block Six. And no matter which of Ford's 28 new models you choose you enjoy recognized style leadership—with clean, modern lines . . . sparkling new colors . . . and harmonizing upholstery fabrics and trim.

Seals out dirt. You can forget road splash because dirt and water can't get into the ball joints in Ford's new front suspension. Each of the four joints is effectively sealed by a unique rubber-and-metal shield. This means that contact surfaces of each ball and socket remain clean—wear is kept to a minimum.

Keeps that new-car feel. You'll enjoy Ford's new-car feel much longer because ball joints are spring-loaded to compensate automatically for any wear. Front wheels hold alignment far longer than with conventional systems. Ball joints can't stick or bind. Steering remains consistently easy.

Eliminates 12 wear points. Ford's Ball-Joint Front Suspension eliminates 12 of 16 points of wear found in conventional systems. Rubber-bushed supports at inner ends of suspension control arms reduce the number of wear points and insulate chassis from road noises.

Jaycees Getting Ready For Door To Door Canvass On February 19

A couple of weeks ago, the two large rooms on the West corner of the G. I. School were only deserted, dingy, and dirty. Then they were discovered by the Cameron Jaycees who were looking for a home for the Cameron's new Public Library. Permission to use these rooms was obtained and Dana Kestenbaum and his building committee set to work. Dirty floors were cleaned and oiled, discolored walls and ceilings were given a fresh coat of paint, by Mr. Derby of the Cameron Country Club, old tables were retopped, repainted and moved in and book shelves were secured to line the walls.

Now the rooms are ready and the empty shelves are waiting. Their future is now in the hands of the people of Cameron and this is why: money and books for the new library must be secured through donations of civic minded citizens. A drive to collect these books and money will be put on by the Junior Chamber of Commerce on Friday, February 19 beginning at 7 p.m.

Trucks and a public address system furnished by the National Guard Armory will be used as the Jaycees make a door to door canvass of the entire city. All books donated will be accepted on the following basis: the library administration shall have the right to decide which books will be used and no books will be returned to the original donor.

All money donated will be deposited to the Library Board account and will be supervised and administered by the board. Cash contributions may be mailed at any time to Mr. Gene Blake, Coca Cola Bottling Company and books may be left at any time at the Parish House of the Episcopal Church.

The success or failure of the Jaycees drive will determine whether the new library shelves will remain empty or be filled to overflowing. Please have your contributions and books ready when the Jaycees call at your house, Friday, February 19.

Yoe Cagers Beat Rosebud 42-41 In 23-AA Clash

The Cameron Yoemen took a late lead in the District 23-AA basketball tilt Friday night in Rosebud, but held on to it to defeat the Black Panthers, 42-41.

Charles Eanes and Dean Weathersby led the winners by making their points count and dumping in 14 and 13 points respectively.

The first quarter opened with Rosebud leading 10-9. The half ended with the Yoemen trailing the Panthers 22-16, but the second half is what made the difference.

Yoemen overcame the Panthers and rode out into a 33-31 lead and held on to the finish.

Other high point men were J. P. Davenport of Rosebud who led the Black Panthers with 12 points. Wasserman and C. Sapp of Rosebud each accounted for 10 points.

The B game saw the Yoelets defeated by the Rosebud B's, 37-35.

The highpoint scoring honors went to Cameron's Heitman who got 13 points. Rosebud's Davenport was second high with 11.

While the Yoemen were defeating the Panthers, Taylor held on to it's tie with Georgetown for the conference title by whipping the Belton Tigers, 61-42 in Belton.

The Ducks had no trouble in taking the victory and were determined to hold on to their present position in the district.

Bill Gilliam and Larry Rydell were high for the Ducks with 16 and 13 points. Fred Tulloch led the Belton team.

Yoes-Tigers Split Doubleheader Here

After leading for three quarters, the Cameron Yoemen dropped behind and lost a close basketball tilt to the Belton Tigers 46-39 Tuesday night in the Yoe Gymnasium.

The opening quarter saw the Yoemen take the narrow lead, 14-13. At the half the Cameron boys were out front, 26-20. However, it took the third quarter for the Tigers to catch up and the teams were tied 32-32 at the end of the third quarter.

Belton's Miller won game honors with 17 points. Dean Weathersby of the Yoemen and Decksson of Belton tied for second high point man with 12. Weathersby took the high point honors for the local team.

Joseph Michalka and W. K. Leonard had seven and six points, respectively. Tullock of Belton scored 8

The B-game clash was taken by the Yoelets, 24-21. Belton trailed all during the game and never was able to catch up with the locals.

The Cameron B's opened up with a 7-6 lead. At the half time the lead was pushed up to 11-9. Going into the last quarter saw the Yoelets holding their lead, 19-14.

Fischer of Belton captured high point honors with 8 points. Alton Witt and Tom Collins tied for second high point honors and led the Yoe scoring with 7 each. Martin of Belton had 6 points and Charles Heitman and B. Williams each dumped in 4 points for the Yoes.

Announcing the arrival of Leonard are Mr. and Mrs. Ray L. Henry. The young man was born at 1:05 a.m. Friday, February 12 at St. Edward Hospital. Leonard weighed six pounds and 8 ounces.

May we remind you?

The gas bills you're now paying are for winter months when a home may use 5 to 10 times as much gas as it does during a summer month. In practically all areas served by Lone Star, January and December had considerably more heating weather than the same two months a year ago.

And, of course,

You know Lone Star was one of the last businesses to raise its rate or price for service. Rate was reduced in 1942 so the one raise made last year added very little more to the price charged during depression years. The average year around cost in the average home here is still about 16 cents per day.

Thank you!

Twenty Farmers Meet To Discuss Soil Conservation Needs

Twenty negro farmers of Milam County met in the A M E church, February 6, to discuss soil conservation practices for 1954.

The program began with a short devotional by Rev. C. L. Boyd, Mrs. Minnie Ruth Dennis led the group singing.

R. D. Young, of the Hanover community, explained to the group the purpose of the meeting. He told of the need for more conservation practices on his own farm and all the farms in the sandy portions of Milam county.

R. B. McDonald, Soil Conservation Service technician, talked to the group about the services available to the farmers through the Soil Conservation District and how the Soil Conservation Service assisted the District. He also told about some of the practices of which farmers could get financial assistance through the Agricultural Conservation Program (formerly PMA).

The importance of grass in a conservation program was discussed by C. R. Walker, extension agent, and McDonald. The group saw two soil profiles, one profile was taken from a field that had been row - cropped for many years. The second profile was taken from a field of native grasses. The first profile showed a very dense structure, very little water and air could penetrate this soil. The soil profile taken from the field of grass showed a structure that would permit free movement of water and air in the soil, making the soil capable of storing much more water for plant use than the first profile.

After the meeting adjourned, McDonald made arrangements to visit several farms in order to determine the conservation needs of each.

Broadcast: February 20, 1954

¼ cup melted butter
⅔ cup brown sugar
3 Tablespoons butter
½ cup brown sugar
⅓ cup finely cut, unsalted nuts
⅔ cup shredded coconut
2 cups biscuit mix
½ cup Pet Evaporated Milk
¼ cup water

Mix melted butter with 2/3 cup sugar. Spread in bottom of greased 9-in. round cake pan. Melt 3 Tablesp. butter in small saucepan. Remove from heat and add ½ cup sugar, the nuts and coconut. Put biscuit mix into a bowl. Stir in mixture of milk and water with a fork. Beat hard for 30 seconds. Turn out on floured board. Roll into a sheet about 12x10 in. Spread dough with coconut mixture. Start with 12-in. side and roll up like jelly roll. Cut into ¾-in. slices. Put cut side down into greased pan. Bake on rack slightly above center in 425 oven (very hot) 15 min., or until brown. LITTLE RIVER PHILOSOPHER SAYS TEACHING PUPILS HOW TO FIGURE INCOME TAX FINE, BUT INADEQUATE

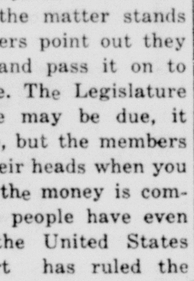
Editor's note: The Little River Philsospher on his Johnson grass farm on Little River must be worrying about his income tax his letter this week reveals.

Dear editar:

I read the other day in a news paper which my wife had covered a pot plant with to keep it from freezing and which I will put back if it turns cold again where some high schools have started courses in how to figure your income tax.



This news pleased a lot of internal revenue collectors, and they were quick to congratulate the high schools on introducin such a worthwhile subject. Said it would save a lot of their time to have more people knowin how to figure their income tax.

I think this is a fine subject to teach, but like a lot of things these days it doesn't go far enough.

The next best thing to knowin how to figure your income tax I gues is knowin how to pay it. Knowin how to figure a tax is one thing, but knowin how to make enough money to pay it is another.

Right now nearly everybody in Texas for example will admit that a lot of school teachers need to make more money, but so far there hasn"t been a singe person, in the schools or our, in the entire state who can come up with a satisfactory way of findin out where the money could come from. The schools just ain't offerin any subjects in that department. As the matter stands now, the teachers point out they need a raise, and pass it on to the Legislature. The Legislature admits a raise may be due, it even voted one, but the members only scratch their heads when you ask em where the money is comin from. Some people have even argued that the United States Supreme Court has ruled the Texas teachers don't need any more money, but I don't think that's the proper interpretation to their decision at all.

But as I say, these half-way measures ain't enough. I know lots of schools who teach boys how to raise fat calves that win prizes at livestock shows, but very few are teachin em how to get the money to buy that kind of feed later on, day in and day out, in every-day practical ranching, when thy're in not only the business of raisin fat calves but children too.

Teachin high school pupils how to figure their income tax is fine, but they're gonna find there's some additional information that's gonna come in mighty handy later on, and if there's any way to get in into the curriculum, it ought to be done. My only regret is they didn't have such a course when I was in school.

Yours faithfully,
J.A.

The Absnaiders Get "Thanks" For Gifts Sent To Korea

Mr. and Mrs. Louis Absnaider of 602 South Austin Street in Cameron received a letter from Samuel D. Chambers, Chaplain, U. S. Navy, expressing sincere appreciation for the packages which they sent for the Korea Christmas Party for the Korean children.

Chaplain Chambers stated that ing his "thanks" in behalf of the United States men in Korea.

Chplain Chambers stated that it was impossible to accurately estimate the amount of food, clothing, toys, and other gifts sent to Korea through the American people's kindness. However, it was estimated that the value was somewhere in excess of $12,000. Mr. and Mrs. Absnaider were told that it would have required at least sixteen large Marine Corps trucks to move it had it been attempted at one time. The total number of children cared for at various activities through the contributions of Christmas boxes was about five thousand.

The letter continued to say that it was all through the cooperation and generosity of the American people that this was made possible. Chaplain Chambers also sent Mr. and Mrs. Absnaider several pictures showing a few scenes from the events. He stated that he wished they could have been there to appreciate more fully what this meant to the Korean people not only in the material worth of what was presented, but in the spirit of generosity arising out of the expression of Christmas.

Mr. and Mrs. Absnaider have two sons serving in the United States Armed Forces. Sgt. Louis Absnaider, Jr., is stationed in Korea and A-2c Leon Absnaider is with the Air Force and stationed at Amarillo.

CARD OF APPRECIATION

We want to express our sincere thanks and appreciation to our many friends for their kindness and expressions of sympathy at my husband's illness, resulting from severe injuries suffered in a recent Railroad accident.

The lovely flowers and cards that came to his hospital room lent cheer. Your prayers and words of encouragement, and many little acts of kindness make us feel rich with good friends.

His progress is slow, but improving, and he will be glad to see his friends.

Harlon Fentress To Head Boy Scout Building Campaign

Harlon Fentress of Waco, a former president of the Heart O' Texas Council, Boy Scouts of America, has accepted the chairmanship for the $200,000.00 Boy Scout Building Fund Campaign

HARLON FENTRESS

to be held in May, announced J. E. Johnson of Temple, chairman of the campaign committee steercommittee.

Mr. Johnson said that the committee was confident of Mr. Fentress' leadership in this nine county campaign for the improvement and expansion of the council's Camp Tahuaya, the scouting reservation of the Heart O' Texas Council and the securing and development of the Explorer outpost camp for Explorers.

Among those listed as members of the Campaign Steering Committee are Roy Smith, Killeen; Roy Potts, Belton; Roy Cole, Ft. Hood and H. H. Coffield, Rockdale.

Service Men Released Exceeds Those Inducted

State draft and enlistments in the armed forces in January failed to equal the number of Texas separated, a state Selective Service headquarters report shows.

Approximately 3,900 men entered the different services in January, nearly 2,600 of these by enlistment. More than 4,200 Texans were reported as separated.

The air force continues to be the most popular department of the armed forces, Brigadier General Paul L. Wakefield, state draft director, said. He pointed out that nearly twice as many men were reported as enlisting in the air force as in the army.

Nearly half the 4,200 men separated were separations from the army. All men drafted in January went into the army.

Army examining and induction stations examined 2,200 men for state Selective Service in January. Of this number, a little more than 900 were rejected as unfit.

Income Tax Returns Should Be Returned As Soon As Possible

F. J. Schulz of the Cameron Internal Revenue Office advises you to get your return in early if you think you are due a refund from Uncle Sam on your 1953 income tax payments, — and, if you're right, you'll get a check from Uncle Sam that much quicker. Quicker yet than if you were to wait until the filing deadline of March 15.

Refunds may be brougnt about by several situations. If you have reason to believe that your recognized expenses are greater than average - to the government about 10 per cent of your income - figure it out with the tax form and instructions in hand.

Was there a new addition to the family last year? Or did a close relative come to live with you, supported by you? Did you have a lot of medical bills? Did you have heavy interest payments on your home? Did your various recognized deductions amount to something over 10 per cent of your income in total?

If after careful analysis, you find that this is so, and if the government agrees with your figures — you'll get money back. Your government wants you to get this money. It wants a square deal from everyone, payments for what has been set for your income bracket, no more, no less.

So, if you think you're entitled to a refund, fill out your return carefully and rush it in. If your return is complete and correct you'll probably get one of those greenish blue check in three or four weeks. Send your return to the District Director of Internal Revenue, Austin, Texas.

Schultz Expiains Annual Exemption Allowed Taxpayers

F. J. Schultz of the local office of the Internal Revenue Service calls our attention to the $600 annual exemption allowed for each closely related person who they furnish with over one-half the total cost of his or her support.

The question of what constitutes major support has been clarified by an Internal Revenue Ruling issued during the past year. The types of expenses which may be included in determining the cost of furnishing lodging to a dependent are such items as property taxes, mortagge interest, property insurance, and ordinary repairs, in addition to food, clothing, and eductaion.

Where several members of a household are contributing to their support, consideration should be given to the amount actually used in supporting the various members of the household. The amount each contributed is first used to offset his own support and any extra is applied against the support of the dependent to determine who contributed more than 50 per cent to his support. In some cases, it is possible that no one will have contributed more than one-half the total support of an individual.

Even though a taxpayer furnished the major support of persons qualifying in all other points he still cannot claim them as dependents if they had gross income during the year of $600 or more, if they were the dependent of some other taxpayer, if they filed a joint return with their spouse or if they were citizens or subjects of a foreign country, unless such individuals are residents of the United States, Canada, or Mexico.

CHIROPRACTIC

J. E. Boyce D. C.

Two Million Americans Now Introduced To Benefit Of Chiropractic Each Year, Survey Shows.

Washington — Roughly two million new people a re now receiving chiropractic care for the first time each year, according to latest figures available from a survey of the nation's health, and has brought its benefits to over 30 million patients at one time or another.

Just 59 years ago, the science of chiropractic was virtually unknown. Today it is practiced not only in the US and Canada, but in many foreign countries as well.

Even in the twentieth century that is a remarkable success story!

Behind the phenomenal growth of chiropractic is one outstanding fact: Chiropractic works!

Wherever the seed of chiropractic has been planted, it has taken root and flourished. No profession in history has ever been subjected to such desperate attempts to stamp it out and destroy it. Yet no other profession has been able to boast of such rapid recognition from the public.

Despite the attacks from its opponents, chiropractic has grown because the people want it. They want it because of their own experience and that it will MAKE SICK PEOPLE WELL.

Chiropractic teaches that health is dependent upon the normal functioning of the nervous system. It is based on the premise that any disturbance of the nervous system will result it abnormal function of the body - eventually is disease. Although the chiropractor recognizes that this interference can occur anywhere in the body, clinical investigation and experience had demonstrated that the greatest proportion of such interference takes place mechanically in the area of the spine and the pelvis. Because this region is so close to the central nervous system, the effects are far more widespread and involved when this happens than when the interference occurs elsewhere in the body.

Thousands of cases successfully treated by chiropractors have demonstrated that these illnesses and pains, even though they occur in remote organs and bodily areas, ar eamenable to spinal adjustment.

This comes about because of the way in which our bodies are constructed. The proper functioning of any part of the body depends on nerve impulses from the brain and spinal cord. The spinal cord is like a "Coaxial cable" for the entire body's communication system. In a spinal adjustment the chiropractor removes interference or irritation from important nerve cables and allows the bodily organ to function normally.

HEALTH UNIT—
of these cases, however, occured late in December. One case in a pre-school child was paralytic type and the other in an infant was non-paralytic. No connection has been established between these two cases or with any other previous case.

The Sanitarian began the new year with regular inspections of food and other establishments, including schools and school cafeterias. It is noted that a number of establishments have been redecorated and remodeled and a number of them have installed new and modern equipment.

It is expected that a complete survey of all the schools and school cafeterias in Milam County will be made during the remainder of this school term. Recommendations and suggestions will be given as to improvements in the school water supplies and sewage facilities. Also the proper treatment of rural water supplies.

The Sanitarian visited the municipal water supply of the city of Rockdale during the month. The new underground resevoir and the new aerator are now being put in service. It is already noticable what an improvement has made in the taste and turbidity of the water.

The Sanitarian was in conference with James E. Poore, Extension Service of A & M College, with reference to some new projects to be promoted in the rural sections of the County in the near future.

The Sanitarian accompanied by J. B. Doss, V.D. Investigator on his last visit to the county.

Visitors for the month were Miss Fern Van Zandt, School Health Service Station, State Health Department; James E. Poore, Extension Service, A & M College; J. B. Doss, V. D. Investigator, State Health Department and Charles O. Blalock, Vocational Rehabilitation, Texas Education Agency.

Staff Personnel of the Milam County Health Unit is headed by Dr. John B. Bryson. Mrs. Hortense N. Tumlinson, clerk; Mrs. Billie Gleason, nurse and D. S. Wimberly, sanitarian are members of the staff.

RED CROSS—
of the Red Cross," urging the people of Milam County to support the 1954 campaign which will be conducted through the month of March.

Members of the 1954 Milam county Red Cross campaign committee are as follows: Jack W. Prescott, Cameron, chapter chairman; W. H. Cooke, Rockdale, public information chairman; A. W. McCullin and H. H. Pruett, Cameron; Mrs. J. L. Bankston, H. H. Coffield, Clyde Franklin, and J. D. Harper, Rockdale; Mrs. W. C. Freeman, Maysfield; Floyd Stark, Buckholts; and Mrs. E. P. Survant, Thorndale.

Rev. Smith said that the following city campaign chairman have been named: Jimmie Asher and Woodrow Lowe, co-chairmen for Cameron; Mrs. W. C. Freeman, Maysfield; Robert C. Nelson, Rockdale; and Rev. FRANK ANGELL—
metery.

Mr. Angell died at his home at 6:30 a.m. Saturday, February 13. He was born February 28, 1867 in Tipton County, Indiana and lived in Milam county for about 10 years. He was a resident in the Walker's Creek community for about 63 years. Mr. Angell was a life long member of the Walker's Creek Baptist Church. Being one of the charter members, Mr. Angell helped organize the church.

He is survived by his wife, Mrs. Angell; three sons, B. F. Angell of Brazoria, L. C. Angell of Houston and Monte Angell of West Columbia; two daughters, Mrs. A. L. Schlamener of Cameron and Mrs. G. A. Renkin of Cameron; nine grandchildren and six great-grandchildren.

He is also survived by two brothers, John Angell and Dave Angell of Cameron; and three sisters, Mrs. Connie Neuman of Milano, Mrs. Mimie Whitley of Cameron and Mrs. Lama Ingram of Franklin.

Pallbearers were Leo Moraw, Gene Brown, A. H. Hightower, Lora Johns, Allan Dodson and Roy Wright.

BOXING —
ddie Dohnalik was the victor. Battling Dohnalik was Clayton Canizales.

The bout between Dohnalik and Canizales was the only one scheduled in the middle weight class Monday night and the alst for the evening.

Coaching the boys is Coach Leo Jackson. Jackson reported that all of the fighters showed up good.

The semi-finals are scheduled to be held Friday night, February 19 in the Yoe High School Gymnasium beginning at 7:30. Also on the agenda will be fights between youngsters who haven't as yet had their bouts scheduled.

Finals in all the divisions of both schools will be held Monday night, February 22.

LIBRARY —
Cameron will precede the drive and pass out reminder circulars in all residential areas. The National Guard will furnish a public address system and trucks to transport books and Jaycee canvasses.

The success or failure of the Jaycee Drive will mean the success or failure of this project. The fate of the library will be decided by the ones who will benefit most from it—THE CITIZENS OF CAMERON.

All books donated will be used on the following basis: the library administration shall have the right to decide which books will be used and no books can be returned to the original donor.

All money donated is deposited to the Library Board account and will be supervised and administered by the board.

Cash contributions may be mailed at any time to Mr. Gene Blake, Coca Cola Bottling Company, and books may be left at any time at the Parish House of the Episcopal Church.
